## LETTER OF TRANSMITTAL

To: The Board of Selectmen and citizens of Thomaston.

This report covers the operation of your town for the Fiscal year January 1982 to December 1982.

The data herein presented are subject to subsequent audit. The annual post audit by the State Department of Audit is in progress, but may not be completed in time for use in this report. Copies of the Audit Report will be on file at the Town Office and may be examined if desired.

Respectfully submitted,  
CATHY A. SMITH

## TOWN MANAGER'S REPORT

The town re-elected Cecil Polky and William Wallace as selectmen, Albert Harjula as assessor, and Harlan Sylvester and Stephen Little as SAD 50 directors at its 1982 town meeting. The 1982 tax rate, 20.5, represented a 2 mil increase due to the SAD 50 cost sharing change and the new grammar school capital cost. The new grammar school was completed and occupied in 1982.

The town hired Thomas Ross as recreation director, Jane Young as book-keeper, Andrew Harris as dispatcher, and Jeffrey Cushman and Paul Harding on the public works crew. Richard Morse was appointed as Civil Emergency Preparedness director at year end. James Mayo was elected as our District 58 State Representative.

For handling our solid waste problems, Thomaston voted to build a transfer station and contract with a private landfill operator for transportation and disposal. We also participated in the Pen-Bay incineration study and will be considering the continuation of this effort in 1983 subject to town meeting approval.

The town again made energy improvements in its buildings; the T.P. heating and insulating; and the fire department fluorescent lighting.

The Sewer System Evaluation Survey continued this past year with smoke/dye testing. Tests were run through all the lines to show cellar drains, roof drains, breaks in lines, etc. The second phase, television monitoring will show visual records of problem areas. This will be completed in the spring of 1983. This study has 10% town funding, the balance coming from state and federal grants.

Public works projects included: reconstructing Elliot Street; correcting the Georges Street drainage, building the transfer station and a park at the public landing, as well as numerous smaller projects. The town crew cut wood in the winter which was milled and used for sign posts, picnic benches, and other projects. The hot top paving program included Cross Street, Gay Street, School Street and Ridgeview Drive.

The hazardous waste proposal hearings for Martin Marietta began in 1982 and will continue through 1983. The issue is of environmental and economic concern to all residents of Thomaston. Proposed amendments to the existing Hazardous Waste Ordinance will be considered at town meeting in 1983.

The fire station became a centralized, handicapped accessible place for voting, town meetings, selectmen's meetings, and board meetings.

An accountant reviewed the Watts Block records and reported to the court an analysis. The court has yet to rule on any settlement amount for the trust. An initial decision by the court proclaimed the trust for the worthy poor as one-third owner of the Watts Block, with one-third of the income payable to the trust.

The old Thomaston Grammar School was returned to the town. The future use of the building will be discussed at town meeting.

In closing I would like to express my appreciation to the selectmen, department supervisors, town employees, Volunteer Fire and Ambulance Departments, and all other individuals and members of boards and committees that assisted in the operation of the town in 1982.

Respectfully submitted,  
CATHY A. SMITH  
Town Manager

## ASSESSORS NOTICE

### TOWN OF THOMASTON

The below named, assessors of the Town of Thomaston, Maine, do hereby give notice to the inhabitants of the Town of Thomaston and other persons having TAXABLE PROPERTY within said Town, to make and furnish to said Assessors true and perfect lists of their polls and all their estates, real and personal, in writing including all property held in trust as guardian, executor, administrator, trustee, or otherwise (except as is by law exempt from taxation) which they were possessor of on the first day of April 1983 and to be prepared to MAKE OATH to the truth of same.

And they are particularly requested to notify the Assessors of the name of all persons of whom they have bought or to whom they have sold taxable property since the first day of April 1982.

And for the purpose of receiving said lists and making transfers of all property bought or sold, the Agent of said Assessors will be in his office in Watts Block from seven to nine o'clock in the evening of Tuesday and Thursday, April 5 and 7, 1983.

---

---

The statutes provide that you must furnish to the Assessors a true and perfect list of all property in your possession to date of April 1, 1983, otherwise it will be taxed as the statute provides, and any personal examination of the property by the Assessors or their Agent will not be considered as a waiver of neglect of any person in bringing in a true and perfect list as required by law.

Any person who neglects to comply with this notice will be barred of the right to make application either to the Assessors or to the Board of County Commissioners of Knox County for any abatement of taxes unless such person offers such a list with his application and satisfies the Assessors that he was unable to offer it at the time appointed.

ALBERT M. HARJULA  
ELWYN HENDERSON  
NELLIE L. HICKMAN  
Assessors of Thomaston  
TIMOTHY SCHMONSEES  
Certified Maine Assessor

by their Agent  
THOMASTON, MAINE

## **REPORT OF THE HARBORMASTER FOR 1982**

When the floats at the public landing were removed from the water this fall, the large center float was found to be in such poor condition that it has to be replaced. The other sections need to be repaired. Cost estimates for this work have been submitted and a recommendation for funding placed in this year's town warrant.

The selectmen have approved a speed limit on boats operating in the harbor proper. As most boats are not equipped with speedometers, a provision concerning wake should help boat operators control their speed. As a further aid to boaters, it was decided to post signs at the Beacon (facing downriver) and at the Cushing bridge (facing upriver). These signs will read:

### **5 MPH NO DISTURBING WAKE**

The harbormaster has recommended that boats tied up illegally at the public landing — those with missing or faulty registration numbers, or those whose owners simply ignore tickets — be removed from the wharf area to a location on land (to be chosen). Owners could reclaim their boats upon payment of fines and towing fee. Action on this proposal has been deferred by the selectmen pending redrafting of the Harbor Ordinances by the town attorney.

Again this year, as in 1981, the Harbor Ordinances were found deficient by the district court. Revisions are needed to remedy this situation as well as to bring the ordinances up to date to meet the needs of today's harbor users. Unfortunately, the Harbor Committee which has the primary responsibility for this task has not met since early in 1982.

Respectfully submitted,  
BARRY WHITE  
Harbormaster

## REPORT OF THE POLICE DEPARTMENT

To the Town Manager, Board of Selectmen, and the Citizens of the Town of Thomaston:

It is with great pleasure that I submit my annual report of the Thomaston Police Department.

The year of 1982 was a very good year for your police department. As in the past, I remain optimistic as we accomplish our police effort.

The major crime rate has dropped substantially and continues to remain in check. I attribute this to citizen support and cooperation and the excellent patrol efforts of the night officers, James Hosford and Richard Harrar.

The support of the town manager, board of selectmen, and most of all, the citizens, has been overwhelming. As a result, I feel the department has stabilized and is unified. I am proud of the fact that we are working as a community towards crime prevention.

Officer James Hosford attended and successfully completed the Municipal Officer Basic School at the Maine Criminal Justice Academy. Officer Harrar is attending and will graduate in March 1983. With his completion, all officers will be trained, saving a considerable expense to the town.

Special Officers Donald Day and Donna Richards are enrolled in a 100-hour Reserve Officers Training School and are expected to complete this in February, 1983.

All of the officers have made a sincere effort to improve their knowledge and skills and as a result the department benefits greatly.

In closing, I would like to thank EVERYONE who contributed to our effort as we continue to strive towards a positive future.

Please remember, if you see it, report it.

Respectfully submitted,  
WALTER F. METCALF  
Chief of Police

**SUMMARY OF ACTIVITIES 1982**

Complaints received by dispatchers	555
Burglary	20
Thefts	79
Disorderly Conduct	88
Assaults	22
Assault on an Officer (required hospital treatment)	3

Total Miles Traveled	49,746
Patrol Hours - Cruiser	5,384
Patrol Hours - foot, office, court, investigations	3,046
Property Recovered - Value	20,308

## REPORT OF THE FIRE CHIEF

To the Town Manager, Board of Selectmen and Citizens of the Town of Thomaston:

It is my pleasure to present to you the report for the Fire Department for the year 1982.

The department responded to a total of 87 calls, they are broken down in the following manner:

Chimney fires	13	Grass fires	3
Structure fires	3	Water rescue	1
Structure non-dwelling	2	Bomb scare	1
Smoke investigations	42	Electrical fires	5
Mutual aid	1	Search & rescue	1
Auto fires	3	Lightning	1
Auto accidents	5	Burning without a permit	3
False alarms	1	Dump fires	2

The cost of the two fires at the Solid Waste Transfer Station are divided among Thomaston, South Thomaston and Owls Head.

There were 315 burning permits issued.

The new oil burner and fluorescent lighting system installed in the station are both working efficiently. These items were reimbursed 50% by the state.

The 1983 budget has a request for money to replace 10 Indian tanks, we anticipate a 50% reimbursement from Title 4 Federal Forestry funds. Five additional storm windows on the south side of the building have been requested with a reimbursement of State Energy funds at 50%. The budget also contains a request for the replacement of two desks in the dispatcher's office.

Your fire station is being used by the selectmen, the Planning Board, the Zoning Board and several other public groups for their meetings. Public hearings on Martin Marietta's proposal to store and burn hazardous waste drew large crowds to the station on several occasions.

We accepted with regret the resignation of a dispatcher, Joe Long. Joe and his wife Shirley were active in the Association and the Women's Auxiliary.

Assistant Chief Peter Lammert made 35 chimney inspections in 1982. The inspections are free and encouraged as a courtesy of the department.

As wood and coal heat are becoming more prevalent so are the problems associated with them. Therefore, the department sponsored a stove school for members of the community for the second year in a row. The popularity of this was shown by the large enthusiastic crowds in attendance.

The Association sponsored a firemen's fair in July and mud runs throughout the summer. The money from these events is returned to the com-

munity through various projects, some of which include scholarships, Pee Wee basketball, Sea Princess, Girl Scout Troop 575 and Christmas gifts.

On two days in December you may have noticed a traffic slow-down on Main Street as the firemen went directly to passing motorists for donations to the Caring and Sharing program sponsored by the Salvation Army. The response of Thomaston residents is extraordinary and deeply appreciated by the Salvation Army.

A request has been made for a recorder to be placed on the fire phone to record emergency calls. This necessary item will aid the department in clarifying information received often times by a very frantic caller to provide a speedy and efficient response by the department.

There has been some talk about closing the dispatch office as a cost saving measure. We expect if this is ever seriously considered and all the facts are presented the idea will quickly fade away. The services provided by our local dispatch center are numerous and often times unknown to the general public. During the 24-hour coverage, all requests for assistance of fire, ambulance and police departments are handled by this dispatcher. Any time the town office is closed the dispatch center will handle inquiries and complaints for Thomaston citizens.

In my 21 years with the department, it has always been our primary objective to serve and protect the people of Thomaston to the best of our ability. Despite the criticism of a few people and committees, this will remain the policy of this department while I am chief.

Respectively submitted,  
MALCOLM HYLER  
Fire Chief

## AMBULANCE SERVICE REPORT

To the Town Manager, Board of Selectmen and citizens of Thomaston:

The current roster of the ambulance service consists of 19 of your friends and neighbors. We have four active juniors, five EMTs (emergency medical technicians), one advanced EMT to the MAST/EOA level and five eager people now taking the 100-hour EMT course offered at PBMC.

During 1982 we treated 139 people. We assisted the fire department at three structural fires and one search and rescue. The majority of our patients, 78, were treated for illness; auto accidents accounted for 31; and 27 were seen for injuries of various kinds.

We participated in a weekend seminar sponsored by Emergency Medical Services held at the Samoset in the fall of the year. Some of the topics discussed were: patient assessment, death and dying, treating and recognizing shock, interpreting the basic EKG, S.I.D.S., and emergency driving. The knowledge and experience gained at these seminars is shown in our excellent patient care.

I would like to express my sincere appreciation for the hard work and dedication of the ambulance members. The number of hours spent taking classes and renewing their skills, the time spent away from their families and the unusual hours spent on calls is a gift that should be appreciated. The fire and police departments also deserve a hearty thank you for all their help during 1982. They are all very special people and deserve your recognition and support.

The ambulance service meets the first and third Tuesdays of each month and we welcome visitors any time.

Respectfully submitted,  
PAMELA A. SOLIE  
Director

## **CIVIL EMERGENCY PREPAREDNESS**

### **Annual Report for 1982**

Town Manager and Members of the Board:

It is with pleasure that I submit this report on the status of your Civil Emergency Program.

Since my appointment to this position came late in the year, a good part of my time and efforts have been utilized learning and reading.

Our Program Paper has been approved by the Federal Government, and that affords our town an opportunity to receive fifty percent reimbursement on all expenditures of this office.

Monthly training sessions are held each month at the County EOC and your director participates in each of these.

Our major concern this coming year will be a complete revision of our Emergency Operations Plan and its annexes.

I also plan to take advantage of any special training that becomes available and would be beneficial to this operation.

On behalf of our staff, I would like to express our appreciation to our municipal officials and their employees, to the county office staff and the public in general for their support of these activities.

Respectfully submitted,  
RICHARD N. MORSE, Director  
Thomaston CEP

## REPORT OF RECREATION DEPARTMENT

The Recreation Department had monthly meetings this past year and were able to put together several very successful programs. The active members of the Recreation Committee are: Dwight Henry, chairman; Robert Strong, Dana Verge, Judy Sala and Joan Sanborn.

The year started with Pee Wee basketball for both boys and girls. The response to this program was tremendous with over 140 children participating. The children who participated came from the neighboring towns of St. George and Cushing, as well as from Thomaston. The Recreation Department was able to purchase mechanisms which raised and lowered existing baskets with money which was donated by sponsors over the previous two years. This enormously successful program would not be possible if not for the dedication of the volunteer coaches. They were: Joan Sanborn, Dana Verge, Cheryl Orff, Robert Strong, Paula Rytke, Wayne Ward, Roberta Carmichael, Mark Brooks, Sonia Verge, Craig Strong, Dwight Henry, Debbie Terrio, Dr. Ray Grogan, Alfred Knowlton and John Melquist.

In the spring and early summer, we offered Little League baseball, farm team baseball and farm team softball. The coaches who made these events so successful were: girls' softball, Steve Little, Sara Gnade, Joan Sanborn, Paula Rytke, and Doug Anderson; farm team baseball, Alfred Knowlton, Don Wiley, Milton Brown, Todd Butler and Joseph Feraco; Little League baseball, Perry Holmes and Dr. Ray Grogan.

These teams had a new facility to use this year. The new Little League field is one of the best in the county.

Summer programs included: swimming, arts and crafts, playground activities and basketball. The swim program was directed by Pat Desgrosseilliers and Diane Corbett, with the help of her daughters, directed the arts and crafts program. Basketball was held by Robert Strong.

Fall programs included soccer and the newly formed community theatre group. Soccer coaches this year were: Richard Kelley, Rick Robinson, Darryl Townsend, Mark Lopez, Doug Anderson, Skip Allen, Dr. Ray Grogan and Todd Butler.

The recreation program would not be possible if not for the volunteer services of a great many townspeople. Thank you for your support.

May next year be as good as the last.

Respectfully,  
THOMAS E. ROSS

## REPORT OF THE TREE WARDEN

1982 marked the first year since 1975 that no street shade trees were planted. I had planned to use the 50% state reimbursement of the 1981 planting for the 1982 planting, but apparently the Budget Committee felt this reimbursement money, which had been placed in surplus funds, had no earmarks on it. Since the reimbursement program ended in 1981, any street shade tree planting will now be entirely at town expense. Therefore, with austerity on the horizon, I have asked for minimal funds to continue planting open spaces along town roads.

Last year, due to wet conditions in May and June, an infestation of ash leaf and twig rust befell ash trees within the reach of spore-laden breezes from the salt marshes along the coast. Most ash trees were completely defoliated, but put on a second set of leaves to sustain life. If this defoliation is repeated this year, or if the trees affected last year have been under other stresses, they may succumb.

Elms and maples continue to be removed from our roadsides as they die, or major limbs become dangerous to traffic. Last year, funds were spent to remove six such trees and at least that many should be removed this year.

Removal of major dead limbs from an additional 16 trees was also done in 1982. More of this work should be carried out this year in conjunction with tree removals.

Trees that have been planted since 1975 are in need of pruning. This will be carried out this year, and removal of major limbs now should eliminate these limbs from splitting or the need for cabling in the future. If residents are so inclined, fertilizer may be applied in holes made in the ground, under the dripline of the leaves.

The sidewalk trees continue to provide sport for pen knives, pseudo monkeys and snow removal equipment. These injured trees should be replaced with proper trees as they succumb.

Stumps will continue to be removed as far as appropriate funds allow. The larger-than-normal stumps on Route 1 reduced the number removed last year. Hopefully, those that were marked last year, but not removed, will be removed this year. The Route 1 trees will be completed and a start will be made on the Knox Street stumps.

Respectfully submitted,  
PETER R. LAMMERT  
Tree Warden

## REPORT OF THE LIBRARY TRUSTEES, 1982

The Thomaston Library Trustees held their quarterly meetings in April, July, October and December of 1982.

Officers and committee members elected at the annual meeting in April are as follows: President, Margaret Stone; vice president, Joel Miller; secretary, Sally Hill; assistant treasurer, Lloyd Beckett. Finance Committee: Lloyd Beckett, chairman; Richard Ervin and Luthera Dawson. It was voted this year that the chairman of the Finance Committee be assistant treasurer. Book Committee: For one year, Anne Lammert and Lafayette French. For two years, David Laney and Forest Stone. For three years, Trustees Luthera Dawson and Ruby Morrison.

The trustees have regretfully accepted the resignations of William Vinal and Joel Miller. Their services over the years have been most helpful and very much appreciated. It was recommended that these vacancies be filled by Roy Moss for two years, and Arthur Anderson for three years.

We are asking for only a \$500 support this year because of a favorable investment climate. The town should be aware of the fact that the greater part of our money is restricted to the purchase of books and periodicals, so that in future years it may be necessary once again to ask for an increase amount from the town.

An 1855 map of Thomaston has been hung in the Reading Room, a gift from Helen and Elizabeth Newcombe. A drawing of the original Montpelier has been loaned by Clifford Christensen, as well as a loan by Postmaster Arthur Anderson of a color photo of Montpelier (replica) by Reginald Henderson. These have been hung and are a welcome addition to the library rooms.

A notice is posted in the library notifying the public that they may suggest books to be purchased. Also, a jigsaw puzzle exchange is an additional service. Bring one in and take another home with you.

We have an excellent staff in the library and we certainly appreciate the effort they put in to be of assistance to everybody. We urge all to make use of the most excellent library which we are fortunate to have in this town.

MARGARET M. STONE  
President, Board of Trustees  
SALLY G. HILL  
Secretary

## LIBRARIAN'S REPORT

The report of the Thomaston Public Library for the year ending December 31, 1982.

### Number of books added to the Library

By purchase	527
By gift	37

---

564

Number of cataloged volumes	17,407
-----------------------------	--------

Volumes circulated in 1982	24,227
----------------------------	--------

Average daily circulation	122
---------------------------	-----

New cards issued	155
------------------	-----

Total number of active borrowers	1,340
----------------------------------	-------

The two subprimary classes with their teacher, Miss Wanda Callahan, visited the Library on June 21 and received applications for library cards after having stories read to them and learning how to borrow books from the library.

Paperback books were awarded to the 12 winners of the Summer Reading Program. Miss Kristen Holms was the winner of the first prize.

A map of Thomaston, 1855, was presented to the library by Miss Helen Newcomb and Miss Elizabeth Newcomb. We purchased a frame for it with money from the Irma Anderson Memorial Fund.

A print of the original Montpelier home of Major General Henry Knox, has been loaned to us by Clifford C. Christensen.

The beautiful floral arrangements and plants were gifts from our friends. Mrs. Ellen Hislop brought flowers from her garden every week.

Suggestions of books that our patrons would enjoy reading are always welcome. We try to have something for everyone to read for pleasure, education, and research.

I attended the regional meeting of the Northeastern Maine Library District at the Rockland Public Library on Monday, Nov. 15. Mr. Karl Beiser, district consultant, had charge of the interesting and informative program.

I thank my co-workers, the trustees, Book Committee, and others who gave so generously of their time and talents to make the library an important part of the community.

Respectfully submitted,  
INA C. KEIZER  
Librarian

## COASTAL ZONE MANAGEMENT (Grant)

The Towns of Thomaston and Warren received a joint C.Z.M. Grant of \$14,250.00 which was effective for (18) months, ending March 31, 1982.

Here is a breakdown of how the money was used.

Total Amount of Grant Received:	\$13,758.74
Paid to Principal Investigators:	
Philip Marcoux	\$ 2,500.00
Expenses & Mileage	288.64
Michael Waters	2,500.00
Expenses & Mileage	585.02
Perry L. Davis, Project Manager	
Mileage, Tel., Typing, Postage	
Paper, and Envelopes	137.82
Town of Warren	
Copying & Postage	96.68
Students working on Project:	
Michael Jalbert	159.00
Walter Butler	1,502.60
Tracy Salo	645.00
Kathy Mayo	30.00
Katrina Kinney, typing	25.00
Brian Hill	399.00
Dan Wirts	323.00
Vaughn Saunders	471.00
Amy Street	156.00
Dean Street	264.00
George Field	471.00
Supplies and Chemicals to do Testing:	
Conn. Valley Bio. Supply Co.	23.06
Lamotte Chemical Co.	11.39
Sargent-Welch Co.	189.85
Hach Chemical Co.	1,622.88
Printing of the Report	
Lincoln County Publishing Co.	1,357.80
	<hr/>
	\$13,758.74
	<hr/>
	\$13,758.74

We agreed when this project was through, the equipment and chemicals left would be given to the two high schools, S.A.D. 40 and S.A.D. 50, for use in their laboratories.

There are copies of the report in the libraries at Thomaston, and Warren, and also a few copies at both town offices for anyone who would like to read about the study of water quality of Georges River.

Respectfully submitted,  
PERRY L. DAVIS  
Project Manager  
Secretary and Treasurer

## **1982 REPORT**

### **OYSTER RIVER BOG ASSOCIATION (ORBA)**

The Oyster River Bog Association completed the Bog Management Program funded by Maine's Coastal Zone Management Program through the State Planning Office at the end of last March.

With the assistance of Norris Braley of Time and Tide and Fourn Powell of the Eastern Mid-Coast Regional Planning Commission, we filed an application for a Natural Resource Program Grant, but were turned down because of the economic conditions and that the Bog does not lie directly on the shoreline.

Meetings have been held with Time and Tide hopefully to find some way to keep the importance of the Bog before the general public. We met with the Knox County Extension Service to talk about the possibility of our slide show, "A Special Place," being put on cable television. This idea is still in the works.

The Annual Report has been sent out to the membership and all interested parties. If you are interested in this report, call me on 594-7352 and I will gladly forward a copy to you free of charge.

Respectfully submitted,  
JAMES S. TUCKER  
President

## TIME & TIDE RESOURCE CONSERVATION & DEVELOPMENT AREA

It is with pleasure that we submit to you a report of the Time & Tide RC&D activities for 1982.

Time & Tide is a people's program. We are sponsored in part by the counties and directed by local people. We serve as a base for people to come together to plan and carry out projects relating to natural resources. We serve as facilitators to help towns and non-profit groups conserve, develop and improve our natural resources.

Our RC&D was selected for the third consecutive year as the outstanding RC&D area in New England. This recognition is due in part to the tremendous amount of volunteer service by local people and the dedication of the council members and staff.

Through cooperative efforts many things have been accomplished in the midcoast this past year. We believe no one person, organization or agency can take total credit, but with everyone working together doing a little bit, a lot was done.

Some of the projects we have been requested to assist with for 1983 include Belfast Park erosion, Bath recreation, forestry assistance, Camden Snow Bowl erosion, Boothbay recreation, Wiscasset Primary School, prime agricultural land identification, development of a soils and land use slide show, Rockland Bog, Dresden comprehensive plan, Liberty recreation development, Damariscotta recreation development, Cushing recreation, solid waste management, Waldoboro Public Landing, Vinalhaven tennis courts, Searsmont comprehensive plan, Islesboro shore erosion, Bowdoinham recreation area and State Prison Farm Utilization.

Any town can request assistance from the Time & Tide RC&D by contacting your local Soil & Water Conservation district or the Time & Tide RC&D office in Waldoboro.

We purchased a 30-minute documentary movie, "The Price of Abundance," which applies to our food as it pertains to agriculture. Any group wishing to use it should contact our office for details.

We have several resource committees involved in each of the following topics: forest, soils and land use, energy, information, recreation, agriculture, fish and wildlife, and ocean. They are open to anyone interested in attending.

If you are interested and want to know more or to become part of the Time & Tide RC&D Program, please contact our office, Route 1, Waldoboro, ME 04572 or phone 832-5348.

Sincerely,  
ANNE FAVREAU  
For the Council

## AUDITOR'S REPORT

Board of Selectmen  
Town of Thomaston  
Thomaston, Maine

We have examined the financial statements of the various funds of the Town of Thomaston for the year ended December 31, 1982, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the Town of Thomaston at December 31, 1982, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

GEORGE J. RAINVILLE  
State Auditor

February 18, 1983

**TOWN OF THOMASTON  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 1982**

**1. Summary of Significant Accounting Policies**

The accounting policies of the Town of Thomaston conform to generally accepted accounting principles as applicable to governmental units.

**A. Basis of Presentation**

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. The various fund are grouped by type in the financial statements.

**A. Governmental Funds**

General Fund — The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund — Special revenue funds are used to account for revenues derived from specific taxes or other earmarked revenue sources, including federal revenue sharing funds.

Capital Projects Fund — Capital project funds are used to account for all resources and project authorizations used in the acquisition or construction of capital facilities and other fixed assets.

**A. Fiduciary Funds**

Trust Funds — Trust funds are used to account for assets held in trust by the Town for others.

**A. Account Group**

General Long-Term Debt — This account group is established to account for the long-term debt that is backed by the Town's full faith and credit.

**B. Basis of Accounting**

The modified accrual basis of accounting is followed by the General; Special Revenue, Capital Projects and Trust Funds. The modified accrual basis of accounting is defined as the basis of accounting under which expenditures are recorded as incurred and revenues are recorded when received in cash except for material and/or available revenues which are accrued to reflect properly the taxes levied and the revenues earned.

**C. General Fixed Assets**

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

**2. Property Tax**

The Town's property tax for the current year was levied August 17, 1982 on the assessed value listed as of April 1, 1982 for all real and personal property located in the Town. Taxes were due on December 3, 1982 with interest at 18% per year retroactive to September 1, 1982.

**3. Deferred Credits**

Deferred credits represent items received during the current accounting period but to be used as revenue in the subsequent year. State revenue sharing funds of \$19,743.91 not used during the current year are deferred for use in the subsequent year as provided by statutory requirements.

**4. Long-Term Debt**

The statutes of the State of Maine limit the Town debt outstanding to a percentage of its last full State valuation. At December 31, 1982, the Town's direct debt totaled \$200,000.00.

**5. Pension Plan**

Eligible Town employees are covered under both the Maine State Retirement System and Social Security. The Town's contribution for the Maine State Retirement System and Social Security was approximately \$14,000.00 and \$16,000.00 respectively.

Employees participating in the Maine State Retirement System are eligible for normal retirement upon attaining the age of sixty and early retirement after completing twenty-five or more years of creditable service. As of July 1, 1982, there was no unfunded accrued liability.

**6. General Fund Budget**

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles, on which; amounts for appropriations have been recommended by the Board of Selectmen and/or the Budget Committee.

**7. Designated for Subsequent Years' Expenditures**

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure.

This is usually in lieu of additional appropriations in any particular account.

At December 31, 1982, the following operating account balances were carried forward:

General Government	\$40,482.09
Protection	938.64
Health and Sanitation	18,497.10
Public Works	13,376.69
Debt and Interest	6,627.57
Unclassified	498.92
Total	<u>\$80,421.01</u>

#### 8. Capital Projects Fund

The capital project fund for sewer construction reflected revenues of \$19,995.58 for the year. The amount of \$94,944.55 is available for further construction projects.

#### 9. Trust Funds

Trust funds of \$707,194.67 for cemetery perpetual care, library, charities and scholarships were held in trust by the Town. This amount, which represented principals of \$349,615.36, gain on sale of securities of \$131,771.78 and unexpended income of \$225,807.53, was invested in time deposits and certificates of deposit.

#### 10. Designated for Capital Reserves

At the annual town meeting, the townspeople voted to combine all existing capital reserve accounts into one capital reserve account. This account was invested in a time deposit at the year end.

#### 11. Litigation

It is our understanding that an action pertaining to a charitable trust is awaiting a final decision by the Knox County Superior Court.

#### 12. General

Excise tax revenue; state revenue sharing, business inventory tax and transfers from surplus of \$55,000.00, \$50,000.00, \$11,676.37 and \$100,000.00 respectively were used to reduce the tax levy. Transfers from surplus and allocation of federal revenue sharing funds for departmental operations were authorized by the voters.

**RECOMMENDATION . . .** The following recommendation is believed worthy of consideration:

The review of taxes receivable disclosed that there has been no liquidation for several years of delinquent accounts. In this respect, it is recommended that the delinquent accounts be reviewed to determine their collectability and administrative action taken accordingly.

**PROPOSED AMENDMENT TO THE TOWN OF THOMASTON'S RADIOACTIVE AND HAZARDOUS WASTE DISPOSAL ORDINANCE is amended by adding the following sublineated portions thereto:**

The disposal or storage of hazardous wastes of the type and in the quantity of as designated under the U. S. Clean Water Act, Section 311, Public Law 92-500, *except when used at a secured site as a fuel pursuant to all licenses required by the laws of the State of Maine*, and/or the disposal or storage of radioactive waste material as defined by 38 MRSA Sec. 361-D 1.B., within the boundaries of the Town of Thomaston, Maine, is prohibited.

Any request for and exception to this prohibition shall be submitted in writing to the Selectmen and brought to the whole town of Thomaston acting as the body politic, to be voted on by all bona fide voters present in a Town Meeting.

Any person to be found in violation of this Ordinance shall be subject to a fine of not more than one thousand dollars (1,000.00) and not less than two hundred fifty dollars (\$250.00) for each offense. Each day in which a violation occurs shall constitute a separate offense.

ARTICLE 51. To see what action, if any, the town will take regarding the following question: "Shall an Ordinance entitled 'Thomaston Radioactive and Hazardous Waste Ordinance' be amended as follows:"

**TOWN OF THOMASTON RADIOACTIVE AND HAZARDOUS WASTE ORDINANCE is amended by adding the following sublineated portions thereto:**

The disposal or storage of hazardous wastes of the type and in the quantity of as designated under the U. S. Clean Water Act, Sec. 311, Public Law 92-500, and/or the disposal or storage of radioactive waste material as defined by 38 MRSA Sec. 361-D 1.B., within the boundaries of the Town of Thomaston, Maine, is prohibited.

Any request for and exemption to this prohibition shall be submitted in writing to the Selectmen and brought to the whole Town of Thomaston acting as the body politic, to be voted on by all bona fide voters present in a Town Meeting.

Any person to be found in violation of this ordinance shall be subject to a fine of not more than one thousand dollars (\$1,000.00) and not less than two hundred fifty dollars (\$250.00) for each offense. Each day in which a violation occurs shall constitute a separate offense.

- A. *Hazardous waste under this ordinance shall also be defined as follows: A waste substance which is ignitable, corrosive, reactive, and/or toxic. It includes (1) all wastes determined to be hazardous by the Resource and Recovery Act, Section 3001 and regulations promulgated pursuant to said section, including 40 CFR 261; (2) wastes determined to be hazardous by the State Board of Environmental Protection, pursuant to 38 MRS Sec. 1303 and 1303A; (3) "radioactive waste" which is defined as any solid liquid, or spent fuel assemblies prior to reprocessing, remaining after the primary usefulness of the radioactive material has been exhausted, and containing nuclides that spontaneously disintegrate or exhibit ionizing radiation.*
- B. *EXEMPTIONS: (1) Agriculture: The storage and handling of products used for agricultural purposes on working farms shall be exempt when the amount does not exceed 200 kg. in any one calendar year. (2) Household materials and waste are exempt when used for normal domestic house-keeping purposes. (3) Industrial or manufacturing facilities storing less than two hundred (200) kilograms per calendar year shall be exempt.*

The Registrar of Voters hereby gives notice that she will be at the Town Office during the week prior to the election (March 21 through March 25) for the purpose of registering new voters and correcting the list.

Given under our hands this 28th day of February A.D. 1983.
